Thanks, Chris.

I couldn't find the date on the printout, but I got a copy of the extension letter (through June 25, 2011) from WRi.

Jim,

Yes, if you look at the bottom of the printout it has been extended to June 2011.

Thanks,
Chris

This stream alteration permit expired in 2008; was it extended?

Priscilla,

Our permit number is 07-85-02SA. This permit is online at the Division of Water Rights website under the stream alteration database. Here is the link:

http://www.waterrights.utah.gov/cgi-bin/strmview.exe?Modinfo=Viewapp&Permit_Number=07850002

We have not applied for the DWRi well approval at this time. As per Utah Administrative Code R655-4, appropriate approval and a start card will be received prior to developing the well.

Thanks,
Chris

Hello Chris,

I can't locate your stream alteration permit from DWRi. You you point me to it?

Also, did you apply to DWRi for a transfer application for the water well?

Thanks,
Priscilla
